Double SNAP Benefits at Florida Farmers Markets: Match Up to \$40 Extended Through December 31st

(Gainesville, Fla. – October 31, 2017) – As many Floridians continue to recover from the disastrous impacts of Hurricane Irma, and climate refugees displaced by Hurricane Maria continue to arrive from Puerto Rico, Fresh Access Bucks (FAB) is extending an increased SNAP incentive match at participating farmers markets, mobile markets, and CSAs across Florida.

Now through December 31, 2017, FAB is enabling Supplemental Nutrition Assistance Program (SNAP) recipients and Disaster SNAP recipients to match their SNAP benefits up to \$40 in Fresh Access Bucks toward the purchase of Florida-grown fruits and vegetables at participating markets. For a complete list of participating markets in Florida, please visit:

www.freshaccessbucks.com/fab-markets

A program of Florida Certified Organic Growers and Consumers, Inc. (FOG), Fresh Access Bucks (FAB) is a statewide incentive program designed to encourage SNAP recipients to redeem their benefits at farmers markets to purchase fresh, healthy foods directly from Florida farmers. At participating markets, FOG matches what a SNAP cardholder spends with FREE Fresh Access Bucks - up to \$40, every market day for the month of October. Customers can use them right away or later on to buy Florida-grown fruits and vegetables.

For example, a SNAP shopper who spends \$10 of their SNAP benefits at a participating market receives an additional \$10 to purchase fresh, local produce. Currently there are 36 farmers markets, one mobile market, and two community-supported agriculture (CSAs) participating in FAB throughout the state. In addition to increasing the affordability of and accessibility to healthy foods, nutrition education efforts such as cooking demos at FAB markets are integral to increasing the purchase and consumption of fresh, local produce.

For more information on FAB and the other participating markets around the state, please visit www.FreshAccessBucks.com.
